Section	Page	Contents
---------	------	----------

1: Growing importance of the US South

12	US South land area
13	US South forest area
14	US South's share of forest resource and production, 2020
15	Forest area, NAI and fellings for US South and peers
16	Yield and harvest rate for US South and peers
17	US South softwood and hardwood growing stock
18	US South growing stock by diameter class
19,20	Softwood sawlog and pulplug prices by region
21	US South forest products capacity

2: Forest supply potential

24	Estimated productive softwood forest area
25	Annual planting, US South softwood
26	Age structure of softwood dominated forests
27	Softwood growth, productive forest 017-20
28	Estimated softwood growth, drain and stock (all forests)
29	Potential softwood supply, productive forests
31	Stumpage prices, real (2021) terms
32	Non-corporate private timberland holdings by size, largest timberland owners/managers
33	Estimated harvest rate by owner type
36	Increased softwood supply potential (short term) and implied forest industry growth

3: Raw material market and prices

38	Roundwood harvest by grade in 2021e, Total roundwood harvest development
40	Softwood prices, 2000–2021 (real terms, \$2021)
42,43	Softwood sawlog prices, 2010–2021
44,45	Softwood pulplug prices, 2010–2021
46,47	Softwood chip prices, 2010–2021

4: Forest industry and competitiveness

50	Estimated end-use of softwood fiber in the core forest industries, US South by state, 2020
52	Estimated domestic end-use of US South wood fiber, 2000-2020
53	North American softwood lumber production, 2000-2020 by region
55	Softwood lumber costs, delivered US, 2020 (estimated)
56	North American wood pellets capacity, 2008-2021 by region
58	Wood pellet costs, delivered UK / Benelux, 2020 (estimated)
60	North American pulp capacity, 2008-2020 by region
61	Wood pulp capacity in US South, 2021
62	BSKP cash costs, delivered China, 2020 (estimated)

5: Potential role on global markets

66	Log and chip exports from US South, time series
67	Global trade-flows 2020e – Softwood logs
68	US softwood lumber demand by segment, 2010-2023f
69	US softwood lumber demand-supply (2021e)
70	Export of Southern Yellow Pine lumber, 2000-2021
71	US South pellet exports, 2000-2021

72	European pellet demand and supply scenarios
73	US pulp exports 2000-2021, and by destination (2021)
74	Global market bleached kraft pulp capacity (2000, 2020) and softwood price premium (2000)
75	Global fluff pulp capacity growth, and leading fluff pulp producers
76	North American kraftliner market balance 2020 (estimated)

6: Conclusions and implications

80	US timberland investment returns 1995-2020
86	Pellet industry raw materials US South, estimated use of forest residues (US South vs. Sweden)
